### JOGA JUDGES' COMPENSATION FOR 2011-12:

1. Judges should arrive a minimum of 30 minutes prior to start.
2. Compensation is \$30 per hour, with daily minimum of 3 ½ hours (\$105). Actual judging time will be calculated and multiplied by the \$30 per hour (in half hour increments – please use common sense not to charge a host club for going over the next half hour if it is for 3 minutes!) for multi session meets. For example: 3 hours judging time in the first session plus 3 ½ hours judging time in the second session equals 6 ½ multiplied by \$30 for a total of \$195 NOT 2 sessions of \$105 for a total of \$210!
3. A \$10 Sit Fee will be paid ONLY if the wait is longer than 1 ½ hours. However, the host club is to provide a meal for the judges for multi-session meets.
4. Mileage of .55.5/mile (the current IRS rate for 2011 –this has changed) will be paid for the total round trip mileage MINUS 30 miles. If judges carpool, the driver only will receive mileage and will not have to subtract the 30 miles. Judges who choose not to carpool because of other commitments will not be paid mileage – this is to be determined by the Meet Referee.
5. Judges who choose to leave the meet venue during breaks must return before the next competition begins – failure to do so will lead to financial penalty of 2 times the rate for the actual time of the delay. This is only assessed should the judge delay the start of the next session – be aware that your lack of presence may cause a session that is ready to start early to be delayed so be in contact with the Meet Director.

### AFFILIATIONS:

You are considered affiliated at a specific meet if: you are an **immediate family member** to a competing gymnast, coach, or club owner competing at that meet (this can include step-parents or any person living in the household); you are **on payroll** of a competing club, **a team member or parent of a team member** of a club competing in the meet (men's rhythmic, and recreational classes members do not count), or **a coach** of a competing gymnast; **a club owner** of a competing club/gymnast; or any **sports science professional** that is paid for ongoing services for a competing athlete.
